BEST THING ABOUT LA-Z-BOY INCORPORATED

The best thing about La-Z-Boy is our high-quality products made by our ~7,000 dedicated industrial athletes across the globe. My grandpa had a La-Z-Boy, my dad had a La-Z-Boy, and I'm proud to say I work for such an iconic brand.

Mike Leggett serves as Senior Vice President and Chief Supply Chain Officer (CSCO) at La-Z-Boy Incorporated.

As CSCO, he brings 25 years of supply chain operations experience to lead global end-to-end supply chain operations, including manufacturing operations, distribution, sales and operations planning, sourcing, research and development, continuous improvement, quality, and customer care processes.

Before joining La-Z-Boy Incorporated as CSCO, Leggett served as the VP, Global Supply Chain Operations at Dentsply Sirona, a global dental products manufacturer, providing supply chain leadership during the company's transformation from a decentralized to a centralized matrix supply chain organization. Prior to that, Leggett spent eight years with Masonite International, a market-leading manufacturer of doors, serving in a variety of roles of increasing responsibility within the supply chain operations organization.

Leggett began his career at Kimberly-Clark and also worked for Abbott Laboratories.

Leggett earned a Bachelor of Science in Business Administration from The Ohio State University with a double major in Finance and Supply Chain Management. One of his passions is organizational leadership, and he recently completed an 18-month Executive Leadership course taught by retired CEOs and Harvard business school professors.

Leggett is an avid cyclist, and he also enjoys hiking and spending time on the lake with his family.
